PREFACE: To Keep the Planet from Hitting Rock Bottom

by Sterling D. Allan, 228033

January 31 - Feb. 8, 2024

Dear Tudor,

I'm sending this ^{via} ~~certified~~ certified mail, received receipt so I can verify that you have received it. Apparently your mail room screeners have not been relaying previous pieces I've sent to you. So I'm writing this intro piece as a preface to my work as if this is your first exposure to ^{it} ~~my work~~.

You're well aware of how society is teetering on the brink of rock-bottom collapse. You're also well aware of the many heroes standing up against evil, you being one of the stalwarts for for freedom and goodness. I would argue that the reason we have it already collapsed — a long time ago — is ~~because~~ of these valiant efforts, which have bought us more time.

Prophecy describes a horrible condition that will unfold (e.g. Dan. 12:1 & Matt. 24:21) because of societal wickedness. However, I've found at least 30 scriptural references that depict an alternate path God has set out for us to avert that rock bottom collapse. Furthermore, I believe God has foreordained me to discover and utilize a code he/she put there that details how to pull off this much higher path. And yes, you show up in a powerful way to play a central role in ~~bringing~~

②
this to pass. The enclosed ^① folder ^{contains} is the most recent piece I wrote to document that. But I do not recommend that you start there. You need to build up to it.

<2/1>

It's like in the movie, "Martian" where the mother ship speed and the ^{speed of the} incoming (Matt Damon) astronaut, rocketing up from Mars' surface are significantly different, making for a differential of 42 meters per second — too fast to be able to safely snag him, so they have to take ^{unusual} measures to equalize the speeds. I'm zipping along here with a super-advanced paradigm that will surely be seen as super nuts / unrealistic, and thus something to be dismissed / disregarded unless measures are taken to bring you up to speed gradually, not too quickly.

Except, in this case, it's not just one person's life that hangs in the balance. It's the fate of the entire planet that is in jeopardy of smashing to a rock-bottom collapse unless you can come to see the value / credibility / divine appointment of my paradigm, embrace it, sync up, and serve as intercessor for the planet to switch their trajectory from heading off a cliff to going straight to the kingdom of heaven on earth instead. That's a radical change of directions that is in our destiny.

That Alphabetics (AB) code I mentioned actually shows up in "The Martian". ~~In the~~ "Sol 560" is when the crew aboard the mother ship get their plan together to intercept Matt Damon the next day. 560 is the ^{*}ASCII sum of "all in", which is a key pre-requisite ~~is~~ for a person becoming a joint heir

(ASCII = the computer values, e.g. "a" = 97; space = 32...)

*

(3)

which you're foreordained to pattern for millions to follow via pulling off this role. "Sol 517," a month prior, is when Matt Damon gets the instructions to strip down his rocket so it can get to the speed needed to meet up with the mother ship, to be able to sync up. Old Testament (OT) def. H 517 is the word "Mother." In my paradigm, that relates to heavenly Mother incarnate. To sync up with the mother ship, I need to remove all unnecessary weight from the rocket. Otherwise the excess weight slows me down—an interesting/ironic antonym.

Step one in that process of syncing up is for you to see the power of my wisdom on a wide range of matters you can relate to. To do that, I recommend that you peruse a few of my "Editorials" at my site, IandComing.org. After writing that, I went to my collection of copies and pulled out 27 of them, put them in a sequence that seems good for you. They're in the enclosed ^(A) folder labeled "Editorials." No, I don't expect you to read all of these. Just a few of them will give you a good idea of my unusual ability to hit key points that most people miss. I put the "~~Deek~~ Chanva Innocent—" piece first because it is a great illustration of this. I've never heard anyone on TV or radio get even close to this level of clarity on the key points^{of that article}—except Jack Posobiec, who did come close, but not surpassing. While you might not have time, presently, to read all of these, I do hope you'll at least peruse through them, do some spot reading, as you feel inclined/directed to do.

May created a Blog > Paradigm page where you should be able to easily locate this download. (2/7) I just got this returned. It's (I inadvertently left house & street address) its now in envelope (B).

After you do that (please do it first, before proceeding), step two in the process (as I see it) will be for you to read my 1/11/24 blog post, "An Overview of My Paradigm." While 27 pages is on the longerish end for reading (comparable to reading ^{a page from} all 27 of the enclosed editorials [which are two pages each on average, so that's twice the reading, total]), it's extremely brief given the massiveness of this paradigm. It will give you the essence of what I present in my 500^{pp} book, None to One: Evolving the Repentance Clause of Prophecy (N→O) ^(r.c.) available from I and Coming.org. It also summarizes some 27 articles I wrote in the past couple of months, of 10-16 pp each.

[The first half of the book gives the essence. The last half gets a bit bogged down. I

Before proceeding, I recommend that you first read the Paradigm Overview piece ^{just mentioned}. Enclosed is the Appendix A-1 that is referenced there. Its footnotes section lists a significant number of scripture verses in support of the various points/elements of the CliffB Mission Statement.

<2/5>

Step three will be to read the "The Ultimate Cause" in envelope (C), enclosed. It's the introductory letter I wrote to you on 11/24, the day you guest-hosted Clay & Buck's show. That folder also includes some of the other follow-up pieces I wrote trying to you. Envelope (D) contains several blog posts relating to the time line ^{sequence of events} for rolling out the kingdom of heaven on earth that the above-mentioned ^(B) Paradigm Overview presents generically.

⑤

Step Four, before reading envelope (E) contents, I recommend that you take a look at the "Blog" index at IandComing.org and read what articles grab your interest. You'll not appreciate "E" until you are comfortable with and see the value of my Alphabetics methodology.

<2/8>

if you weigh these things carefully,

At some point along the way, you're going to feel strong enough about them to begin sharing this around—recommending that others carefully consider my paradigm, or at least take a look at it. Then, as your testimony of the goodness of these things grows, you'll be ever more motivated to promote it, until you achieve the point of wanting to do all you can to promote this, acting on that conviction. That will signal to God that you have achieved the "all-in" status. As you do that (incrementally), you will receive increasing levels of confirmations by the Holy Spirit that these things are true. ~~(Ether 4~~

"11 ... [s]he that believeth these things which I have spoken, him will I visit with the manifestations of my Spirit, and [s]he shall know and bear record. For because of my Spirit he shall know that these things are true; for it persuadeth men to do good." (Ether 4)

Getting thus lined up with heaven gives you the "synced up" status, which now brings you to the ChOFFB prerequisite status so that you and I can do the

⑥

theophany, which launches the seven key events that launch the kingdom of heaven on earth — the Millennial reign.

I look forward to hearing back from you.
Let's do this! ☺

Sincerely,
Sterling
