## "Sterling Daily" (=1019 ASCII) in Alphabetic Scripture Code

by Sterling D. Allan, 228033; USC F B2-1 101A

Apr. 9-12, 2025

For 11 months now, I've been doing the "Sterling Daily" series — a daily recap of news, shows, classes, church, inststate, highlights with [commentary]. My slogan is "News with Integrity and Wisdom". I've only skipped one week, when I got behind. Otherwise, I've covered every day.

Having demonstrated my commitment and ability, I thought I'd look up the ASCII sum of "Sterling Daily" = 1019 in Alphabetic (AB). It has a strong relevance, both generally as well as specifically to a present focus in my quest to help bring about the repentance clause (rc) of prophecy, that says if a sufficient core of society turns back to God and goodness, then the destructions and captivity to which we've been headed will be averted, and we'll go straight to the kingdom of heaven on earth instead.

One of the huge disadvantages of my doing this Sterling Daily series is how long it takes to get online: 2-3 weeks, typically, if not longer. ~~For~~ For a news service to be usable commercially, it needs to be timely. This is hardly timely. "G1019 to delay," certainly relates. Why, then, <sup>do</sup> I do this? (A) I think my commentary makes the content perspective valuable; (B) It's practice for the future when I see myself doing this for a significant audience (via the II<sup>§</sup>), much easier; (C) It's a good reason to pay close attention to

what's going on in the world; (D) I see news<sup>delivery</sup> as shaping perspectives, and I want divinity to be key in that process. So much of what's wrong with society has been heavily influenced by <sup>Marxist</sup> propaganda that comes in mainstream media.

The three def's after G1019 are similar in "meaning to 'delay'": "G1020 to sail ~~slowly~~ slowly"; "G1021 slow"; "G1022 tardiness."

The def. prior relates to the topic of much of what I cover: politics: "G1018 to govern (fig. prevail): - rule."

### P. 1019 Str.'07

Similarly, the entries, "Serat(ors)" are on p. 1019 Str.'07 - probably the most politically-relevant entries in the Bible.

The entry / name before those is "Seraah H 5570," which means "to prick, thorny." "Thorns" is the last entry on p. 1163 of Str.'07, which <sup>page</sup> opens with "Thirty" - completing my 11/30/63 birthday. Remember, that page also has "Thither, H 8033" on it - the last four digits of my 228033 offender number. And on that page, the number "33" occurs exactly 80 times - 8033, giving those digits a second way. So "Seraah" is actually a strong tie to me - Sterling.

The "Serd" entry has clear relevance to the mail methodology by which I send out my installations to be posted - which contributes to the delay. <sup>\*</sup> Ditto "Serdest," which shows up near the end of the page.

Relating to my name being in the "Sterling Daily" series, the entry that opens the page, spilling over from the previous page, is "Selves." The main NT def. # for that word is G1438, which is a slight transposition of 1483 = "Heavenly Mother". Nearby is 1480 = "Father in Heaven" (ASCII). 1480 is our physical mailing address here: 1480 N. 8000 W., SLC. My quest to find a female to step into the Heavenly Mother incarnate role has been a key theme in my writings (mainly blog posts and N→O book). It occasionally shows up in my Sterling Daily series as well, ~~not~~ purposely veiled there, but not in my blog articles including this one (~~below~~ below, later). The ASCII sum of <sup>the</sup> "HMITF" abbreviation = 376 is transposed in "Selves G5367."

The entry just after that is "Sem G4590" which is the Greek transliteration of the Hebrew "H 8035 shem" which means "name" — directly using that word next to "Selves". 8035 is 2 removed from 8033 — the last four digits of my 228033 offender number that directly specifies me. I'm quite certain I'm the only one on the planet who is looking for my HMITF partner to step up onto that role on behalf of humanity, symbolizing / typifying how all of humanity is called to divinity (e.g. Ps. 82:6; Isa. 41:23; John 10:34...~~7~~); "H 3478 he shall rule as God: — Israel" — Strong's '07)

After that is "Semblance See Resemblance" which ties strongly to the meanings of def. G1380, the ASCII sum of "activate the II" which occurs when HMITF steps forward all-in, synced up. It launches the o.c. in full and

begins the emergence of the kingdom of heaven on earth.

Next comes "Semei Gr 4584" which comes from "H 8096 Famous". I was going to say that this ties well to the HMIOTF candidate I'm presently focused on, who is certainly Famous. Then, I had the impression to look for instances of the ASCII sum of her name, "Darla" = 484 on this page. Then I saw that 484 is in "Semei Gr 4584".

That's followed by the entries I mentioned earlier, "Seraah" (thorny); "Senate, Senators"; "Send(est)".

OT def. H 1019 ["Sterling Daily" ASCII] derives "from H 1004 and H 1537" and is rendered "house of the Gilgal (or rolling)". WOT defines "roll To move in any direction by turning over and over" — as in daily, day after day after day — time rolling along. That's certainly relevant.

1004 is the ASCII sum of Darla with, hypothetically, my last name, per the "Righteous Marriage Realignment" scenario I talk about on pp. 143-7 of N-50. It's the premise that in the Millennium, non-optimal marriage alignments can be remedied. Those joint heirs of Christ who opt to live through the Millennium will want to be with an ideal pairing, not a sub-optimal partner. Here's OT def. H 1004:

- H 1004 a house :- door [Rev. 3:20], family, forth of, great as would contain, home, household, inside, palace, prison [where we met], tablet [could become means of dialogue, surveyed], temple [marriage], web [IndComing.org], within [me in here], without [she's outside person]...

[484]  
Page 1004 of the Bible (Jer. 48:8-22) is an antonym of the repentance clause, depicting a people ripe for destruction. It has the HMITF-relevant string, "the queen of heaven" three times (: 12-19).

BTW, I had a lucid dream last night that ties strongly to H1004 mentioned above. I'll be doing a blog article about it soon.

I wrote a long article about Darla and her husband but have not posted it because he asked (via a volunteer) that I not post stuff about them on ~~the~~ my site. I agreed. This article is a stretch of that, not giving their last name nor his name. My guess is that he's protectively jealous and hardened in his heart. I'm essentially certain that she<sup>mostly</sup> loved what I wrote then and is disturbed by his unrighteous domination in response. Given the "none to answer" phenomenon, my website still <sup>gets</sup> (this has been the case almost without exception for ~3 years) just a trickle of traffic — like one visitor ~~every~~ every other day, for 3-4 minutes [probably does not detect VPN visitors]. So she may be one of the only ones to read this article for a while. She can contact Mary@Valbridge.com to get a copy of that article I wrote about their name, is AB. 801-~~40~~ 840-2447. (She's Sam's mother, <sup>Sam is</sup> a fellow inmate I met ~3.5 years ago, now in my same section again.) I had written<sup>en</sup> and mailed that article before Bro. Ed Layton talked to me, informing me "they" don't want "their" name on my site. (I can't fathom Darla holding this sentiment to the extent that he does. I can see him being the main driver of

this sentiment.)

Page 1019 ~~of it~~ ("Sterling Daily") of the Bible includes the string, "and brought him forth out of prison." <sup>As I see it,</sup> ^ On the same day the ~~It~~ is activated, ~~It~~ I'll be teleported out of prison to have the Theophany event like, e.g. Nephi (1 Ne. 11:1), who was carried away by the Spirit to an exceedingly high mountain. <sup>I see this being done</sup> along with HMITF once she's all-in, synced up. So it's her embracing this paradigm and her role in it, that results in this outcome—not anything else. That's pretty much the only relevance I see on that page.

<4/12>

Page 1019 of the ©2013 Triple Combination (Printed 2/2015) extrapolates to p. 97 of the Index, whose first complete entry is "Excellent," which is the main meaning of sterling. "Excommunication" relates to how my material is cutting-edge commentary that mainstream news doesn't touch—actually is anathema to them. "Exhort" and "Expound" also relate to my agenda in doing the service. "Expense" relates to my prioritizing key highlights among the wide range of material to choose from. "Expedient" also relates to that prioritization. "Experience" relates to my life that has informed my wisdom. "Experiment" relates to my love of cutting-edge developments. "Expert" is an appreciated kudo by AB of my work—what God thinks of my work, in contrast to man, who disregards it.
