What does S.O.L.I.D. look like to you? (My proposed mission statement)

"We are an inmate-run therapeutic community with staff support that facilitates becoming model citizens while yet in prison, as well as fostering continued advancement once out. We do this by finding and embracing our unique missions in life, all-in, for good; synced up with higher/divine guidance, working together as one."

Why do you still want to be a part of the S.O.L.I.D. Program Community?

To use my talents as directed by intuitive/divine guidance to help optimise SOLID to be a model for the planet's prison so that a global sentiment will arise: "Some of the best people I know have come from prison."

What have you learned and what do you hope to continue to learn while in the S.O.L.I.D. Program?

I have been appreciating the community spirit, seeing my fellow-inmates as well as staff elevate their walk toward righteous standards, and growing myself, as part of this team effort. I also appreciate the shared wisdom arising from these interactions, developing my gifts and helping others do the same.

What are you bringing to the S.O.L.I.D. Program?

Leadership in optimizing SOLID's potential. See short-term goals above. I'm all-in with my unique mission in life, synced up with my intuitive/higher guidance.
