Sterling Daily (9/14/24): Specter of Communism

by Sterling D. Allan, 228033; USCF

Sept. 14, 2024, Sat. News, Shows, Movies Highlights & [Comments]

News/Shows

- AgBizWeek.com PepsiCo a leader in using biodiesel (renewable) in shipping. CleanFuels.org
- PlanSmartGrowSmart.com
- XPloration Outer Space Blue Origin - to space & back rocket rides
- Rus. exploded it's own satellite to demonstrate it's ability. Created a debris field that endangered the ISS.
- SkyTruth.org - tracks environmental concerns from space (orbit)
- NTD (COVID Vax) Every cell in body can absorb spike protein

Movies

- (8) • Jobs Apple copyrighted 1976 (liberty in info) [Steve was socially ridiculous, almost sociopathic. Hard to work with.]
- (8.5) • Luther ©2003 450 mil. members today. [I was impressed with the courage of the clerics who stood before the king, willing to die rather than oppose the German translation of the Bible that Luther did.]
- (8) • Mission Impossible II (Tom Cruise) Chimera & antidote. [Entertaining but many scientific problems, plot disconnects]
- T (9) • NTD Specter of Communism (by Epoch Times?) [Not entertaining but excellent documentary content, images, video. Crucial principles /expose.]
