Letter to Dad About My New HMITF Candidate/Target:
iHeart Podcaster on Finding Your Life Calling; A Dream/Image
by Sterling D. Allan, 228033; USCf; AHS 2-1035 (Max, Solitary)

Aug. 12, 2026

My pursuit /approaching Kayla Jessop about playing the Heavenly Mother in the Flesh (HMITF) roll, was spurred on 7/31 when I received my dad's article about her helping him revise his lyrics then compose original music to his hymn, "Infinite Love From Heaven Above" in his ItsAboutTimeBook.com blog article by that title. I had spent about 6 hours the two days prior - after the previous candidate I'd been pursuing since Nov. 13, 2025 fizzled on 7/19 - creating a four-sheets-of-paper, landscape, poster for my wall: "Make This Your Motto: All In (with your unique mission in life), Synced Up (with divinity in all that you do) - Be. come a Joint Heir of Christ - Sterling D. Allan (all in ÷), IndComing.org (7/20/26)."

So you can imagine my delight at the synchronicity when the next morning, my dad's article arrived (had been slipped under the door during the night), and in the end, where he cites her "My Story", the very first line read, "Every soul has innate and distinctive gifts and a mission to enrich the world." So, yes, I began doing some AB analysis of her name as a possible HMITF candidate, and began finding some huge points of resonance. The ASCII sum of the hypothetical "Kayla Allan" = 1018. I looked up a few instances of 1018 scripture references, jotted them down. Then re-read my dad's article, and saw that one I'd

(2)

notated, John 10:18 was actually named ^{the} inverse 5 heading in my dad's article. Furthermore, in her reworking of that verse (all the verses. of 7) she made that verse scheme very different from the six other verses - putting additional spotlight on it. That was huge.

Then, I noticed that the alphabetic (AB) insertion point of "synced up" in T.A. 13 is on p. 498, the ASCII sum of "Kayla". And on and on it went.

So, yes, I began sending letters/articles about what I was finding to Kayla, USA a friend.

By 8/10, nearly three weeks in, with no response of any kind (yes, person mail can be - usually is - slow, but this was getting beyond that) I was starting to realize that she likely was opting out. "A 666 abuse", not stepping up. In one last optimistic hope, I'd written a 14 pp. article, "AB Scripture Code Analysis on Righteous Marriage Realignment [RMR]; 8/10 = When I'll Get My First Letter from Kayla?" I had very low confidence that I would actually get a positive letter from her - not two late in.

Instead, after 11 pm, the mail arrived with a letter from my dad, urging me to stop pursuing her. "She is really bothered by your doing that." Well, there was my answer. "No!"

iHeart Podcaster Ad - 8:30 pm

Fortuitously, at 9:59 pm, I jotted the following note in my jnl:
~ 8:30 pm Ad on KNRS I♥Media - Podcast regarding tools to find your mission in life. I love her voice.
= Next target? <9:59 pm>

Then, after the mail arrived, with my dad's letter, giving that hard "No" reply, I composed a short text for my friend Sid to have him relay to her, ^{I'm calling} and I made a similar copy for my dad to do the same. I figured he'd be more than happy to have me moving on from Kayla. I've enclosed

(3) Dad

that article/proposed text for him. It's actually a good snapshot of where I'm at presently in all I'm doing/seeking to unfold. I got the letter off to Srd, but by the time I was done with my dad's version, it was around 1:30 am - way past when I usually go to bed. I wanted to record the essence in my journal before mailing it off. I'd wait 'till the next day.

The next day, inspired by my letter/intro to her via Srd & my dad, I thought to write an open letter to her to have Mary post on my site and email to her. I'd been writing all that material to Kayla, to get her sign-off before it went public - a lot of great material - only to have that ^{door} slammed in my face. Yes, it will be available once the II is activated, and Srd has most likely has either the originals or an electronic copy he can provide - maybe. He most likely was already friends with Kayla and was tentative about relaying my material.)

On 7/27 at 3:44 pm, I did a GOST (Guided Opening of Scripture Text) query "Did Kayla receive my first mailing today?" [via Srd] - would be a very fast conveyance, having mailed it 7/22 - the first place I opened to was vv. 272.3 T.G.13 "Last Days & see also Millennium, Prophecy a Perse for; Laughter; Law [yer]" seemed to depict Srd saying something to the effect to Kayla, "he, he, you wanna crazy side?"

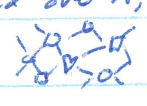

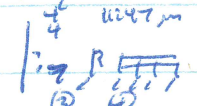

I'm guessing Srd would be relieved to find out I was no longer pursuing Kayla, which put him in an uncomfortable position for him. To his credit, it does seem he did convey some, if not all of the (now 12) packets I mailed him. (The All the packets did contain legitimate legal-relevant material, BTW, very much so.) Things were actually reaching a ^{pinnacle} ~~pinnacle~~ legal-wise, when this fizzled with Kayla, so I will continue to convey more of those materials, hoping this new gal will step up quickly so we can still pull off the 8/27^(legal) and 9/25^(AMCE) events.

Dream/Image About I♥Calling Lady: She's Black

Last night, as I was going to bed, I jotted down a note in my journal around 11:19 that I'd asked in prayer that (if it be God's will) my letter to Mary (I♥Calling open letter) be tid to her, as well as my ~~astute~~ letter to Srd (home/personal) from the right person.

Then, perhaps a first ever of having a dream so early, I awoke at "11:30" - 9 minutes ~~to~~ later - to record a dream image that had come to me. "11:30" alone, has strong resonance with me - my S-day.

The image I was shown (or that showed up, for whatever reason - my dreams are rarely accurate, more symbolic - a message to think about) struck me as being the I♥Calling gal - and her daughter - both black. What's weird is that the image of her was truncated from her waist up - censored. I wasn't to see her yet. Her daughter was sitting on the ground at I♥Calling's feet. Both were trim, wearing dark clothes, fairly tight-fitting, stylish.

I think I got up about six times in 20 minutes to record additional details as I thought of them. Her daughter was maybe 8-10 years old, very pretty, confident, ~50% black (in darkness). She reminded me a little of Michelle Obama in appearance, who is pretty. Her pants were black, as was her shirt/top, whose sleeves went all the way down her arms. It had over it, as part of it, a ^{medium-dark} green see-through, net-like cover with little patterns in it  (to scale). It looked very pretty and stylish. I then noted that her confidence and look reminded me of the actress in "Akeela and the Bee" - a movie I love - but ~~prettier~~ prettier. "I could see us getting along fabulously: mutual respect/admiration," I noted. My ~~textis~~ tunes in my ears started playing repeated loop that sounded ^{like?}  (not sure how to notate). (It's playing in I'm talking about Akeela Bee || my head again now as well.)

Then, I realized exactly who she looked like / was (being shown). ~~not~~

She looked exactly like the young actress in that NYC make-over of Little Anne, who ends up being adopted by a NY billionaire running for office. KB-III plays that movie from time to time. I love that actress's spunk, confidence, personality and appearance. Great movie. (with a few problems.)

And, yes, it occurred ^{to me} that her ^(the daughter in the dream/image) becoming my daughter-in-law would have parallels to the Anne movie. AM&TF & I are going to become the most wealthy couple on the planet, because of how many people we help — not because we want to be rich. We'll use our wealth to lift people and ideas that are winning ideas.

Bear in mind, that while I was on TRO (Temporarily Restricted Offender) ^{2/23} a month, I finally got my own Bible and ^{then} ^{2/26/23} Triple on 2/26/23, then noticed on 2/27 that p. 228, 9 [228033 = my offender #] have a printer error on them. ^{The ink on} P. 228 is half as dark as the rest of the book; and the ink on the facing page is twice as dark as the rest of the book — God's way of providing an independent ^{with-} witness of the significance of these pages to me. I discovered ~~the~~ its significance down in CUCF in ~2016. On 3/20/17, I noticed that its contents parallel p. 550 [Cannison/CUCF's P.O. Box # ^{of Strauss's '07}]. And on 2/23/23, I noticed that p. 925 of my Webster's Dictionary & Thesaurus overlaps this page as well. 925 parts silver is the ~~the~~ def. of sterling silver. And my dad, from whom I get my ^{David} ^{Allen} middle & last name, was born at on 9/25. I was born at 9:25 a.m. 925 is code for Sterling David Allen. So, yes, that this page ~~has~~ is bookmarked by God this way is not insignificant.

I ~~not~~ ^{mention} mention this ~~be~~ in the present context, because ">Interface" ^(II) inserts alphabetically here between "Intersession" [r.c./AMCE/HMETF stepping forward on behalf of humanity to resolve the "none to answer" problem that keeps us on track for the rock bottom collapse to the 666 Marxist hell on earth] and "InterFaith Marriage." I've had the impression that ~~the~~ I & Calling is not LDS (yet). Then a little later on p. 228 / 550 / 925 is "Interpretos Secalio Urson & Thumason [II]" followed by "Inter racial Marriage"; then "Intuition" [synced up] followed by

"Impossible" - def A. 517, where H517 = "mother" - H517 veiled in the flesh. - then
 "Inverte" - step up! Let's do this!

The II is activated once she's all in, synced up with this calling to which she
 was foreordained - to which everyone else so far has opted out: "A 666-absence".

On the facing page is the entry "Israel"; trying to OT def "H3478 he
 shall rule as God: Israel". - All in, synced up → joint heir. I ♥ Calling's pro-
 cast overlaps that in a super significant way.

I've pursued a black woman before: Amanda Gorman, who read that poetry
 at Biden's inauguration. She very much impressed me, especially her profile's cita-
 tion of Mary Ann Williamson's quote: ~~that~~ "The thing that scares us the most is not
 that we're insignificant but that we're magnificent beyond imagination." ^{magnificent} ^{No response} "We are
 gods" scares people. And to see someone as fallen as me (sex offender) think he's
 actually ^{he's} ^{magnificent} ^{regretful} is utterly repulsive to humanity. ~~FFF~~ ~~A~~ ~~Fallen~~

I'll ~~that~~ tell you this, ^{my} "having a black bride would certainly win over
 a lot of Marxists who are presently buying into Satan's lies. - like a third of
 the planet. But this is not a "DEI hire" because of color to ~~not~~ meet a
 quota / agenda, overlooking someone else with more merit. She's going
 to have the full merit needed to do this role superior to all the pre-
 vious candidates who have declined / not answered. The ^{majesty of} ~~majesty of~~ her
 daughter, depicted in last night's dream/image, portends this.

Maybe / probably, ^{her daughter} ^{little young} "she won't actually look exactly like that actress in that
 Anne Anne movie, but I bet she will be as pretty and sparkly, confident, in-
 telligent, and adorable - and sing!"

P.241 [= "RMR" ASC II] Index '13 ≈ I ♥ Calling

It's now "4:40" (just looked) [= tied strongly to "Allan", as I've explained
 many times, e.g. "H440 allen" 440 Hz = "Concert A"]. I was close to getting
 ready to mail this off, but was diverted by two things to do first.

First, I did a GOST & query, "3:52 Q. Will you please to this packet I'm sending today to Mary? (as well as yesterday's /in addition to)" The first place I opened to was T. G. p. 220.1, which has a bunch of II-relevant entries, including being where "II" inserts alpha betically, which all relate to the outcome of her (I ♡ Calling) becoming "all in, synced up" with this calling, which activates the II (Job 33:26; 2 Ne. 30:26-16-18).[†] But most relevant to this query are "Immanuel, Immediately." Shortly after that, the "Immortality" entry relates to my sex offender charge / imprisonment. But in our present context, it calls to mind what my dad said about RMR, which I related.

Earlier today, I'd jotted down a note to look up the ASC II sum of "RMR" = 241, which the above jogged my memory to do. It turns out that p. 241 doesn't really relate to RMR, but it does relate super strongly to the notion of I ♡ Calling being AMZF. The last entry on the page is "One" - code for AMZF in my book title (that I wrote here in person, which launched my ~~Ind~~ Coming.org site in '23). None to One: Evolving the Repentance Clause of Prophecy. She resolves the "None to answer" problem. Immediately before "One" is "Omnipotent", which is 63841 ↔ 1483 = "Heavenly Mother" ASC II. "Omega See Alpha" has obvious relevance. "Olive", ssp, is black. "Olea See Moon" is Cher's maiden name - my ex, being replaced by I ♡ Calling. "Old" [Soul] See also Ancient [of Days - is another title for the role - Adam & Eve came again, to bring the Family back into the garden.] "Ori D&C 33:17 wse have lamps trimmed and have o. with them." Given how strongly all those tie in, I can't help but throw the open-close set: "Ohio - One" relates to here, especially after having that dream/image last night.

On the facing page are some relevant entries as well: "Offense [s.o.] OFFERING See also Brokenheart Contrite Spirit [leads to full healing / repentance (Isa. 57:15-17)]; OFFICE See also Ministry; OFFICER [11/13-7/17]

p. 241 D&C (121:21-33a) also doesn't relate to RMR, but vs. 27-33 relate super strongly to the II, which I wrote in the margin 11/18/16. vs 22 relates to s.o.

Included in these is the "Image" entry, which in our "Diction/Image" context ties to my title

Curious about 24:1 resonance [to RMR = 241], I turned to 2 Ne. 24:1.

It does relate to RMR, IVP calling, and the mission. "For the Lord will have mercy [r.c./AMC] on Jacob, and will yet choose Israel [H3478 means God], and the strangers [e.g. Ethiopians] shall be joined with them, and they shall cleave [⊗] to the house of Jacob."

I looked up most of the other 24:1s & 24:1s and didn't see much. Maybe because I'm anxious to get this out and wasn't patient enough to see the relevance, which usually takes some rummaging.

Love,

Stacy ^u
