Church

Sister Treft told of an experience in her life, years ago, when she was about to get an X-ray. She received a strong impression that she should inform the technician that she is pregnant. ~~She wasn't aware of that until that impression,~~ so she wasn't inclined to say anything. She then received the same impression even stronger, "shouted". She still declined. When she ^{later} found out she was indeed pregnant, she then fretted that she had not heeded the impression and worried how the ^{Fetus} ~~body~~ might be affected. Was grateful when she was born healthy. [I had the impression that it was not "optimal", diminishing abilities/gifts she wanted for this life.]

Sunday School (Hel. 7-12)

- * 9:39 "converted while they were in prison" (A) ties to inmates attending church, generally, resulting in transformations; (B) ties to last week's lesson (see 9/1 Daily) about 300 prisoners receiving bapt. of fire/mighty change, which could be a foreshadowing of what could happen here in coming days.
- * 10:4-7 I pointed out that this sealing power is something all ChofEB will have, as part of being "joint heirs." Also my taking the antonym in vs. 6: "smite" → "heal"; "with" → "from"; "wickedness" → "repentance".
