At the end of class, he showed a Church video of Jesus in Mark 9. I took the occasion to bring up JST-Mark 9:40-48 that depicts 3 main categories of people we might tend to trust more than God: Family, hero/mentor figures, ecclesiastical leaders; but we're admonished here to trust

Good Foremost. I also pointed out that the word "offed" ⁽²⁾ in Mark 9:42 means to lead astray (ergo teaching children gender fluidity and Marxism in schools). Bro. shaw then read two refs from his material that reinforced both of these points [illustrating that we're on track to evolve the r.c., not ripening in singularity].
