I Inform Karoline of My Recent HMITF Articles that Pinpoint Her

by Sterling D. Allan, 228033; USCF B2-1 101A

June 20, 2025

Enclosed is a 2-page letter copy ^{of what} that I mailed to Karoline Leavitt yesterday. I'd like to give some of the back story about what ~~what~~ went into that. There was quite a birthing process that went into it.

After mailing off the "Righteous Marriage Re-alignment" blog post on 6/15, I started thinking I should write a letter to Karoline to tell her about it, since it mentions her extensively. However, the filters in the White House mail room are so rigid, it seemed like an exercise in futility.

As things started heating up more on 6/17 in the Mid East, I felt an urgency to write something and wrote one line, but then got major writing block. I have no idea how much, if any, of my stuff she's read already, after 1) I first began sending my studies to her in March 2022 when she was running for Congress; 2) On 4/27/25 I mailed her an "Index of Articles of Interest/Relevance to Pres. Trump by SDA (SDA) ...; 3) On 4/29 I mailed her an AB study on "White House Press Secretary Karoline Leavitt" 54253 [sic]; 4) On 5/15 I mailed her a) "Message to Pres. Tr. Team & MAGA leadership worldwide (1900); b) 1600 in AB; 5) On 5/19 I sent her my Sterling Daily (5/5-11) edition. Also, there's all the material at IndComing.org.

Usually, writing is easy for me. I just sit down, pen in hand, and it just flows for me. But

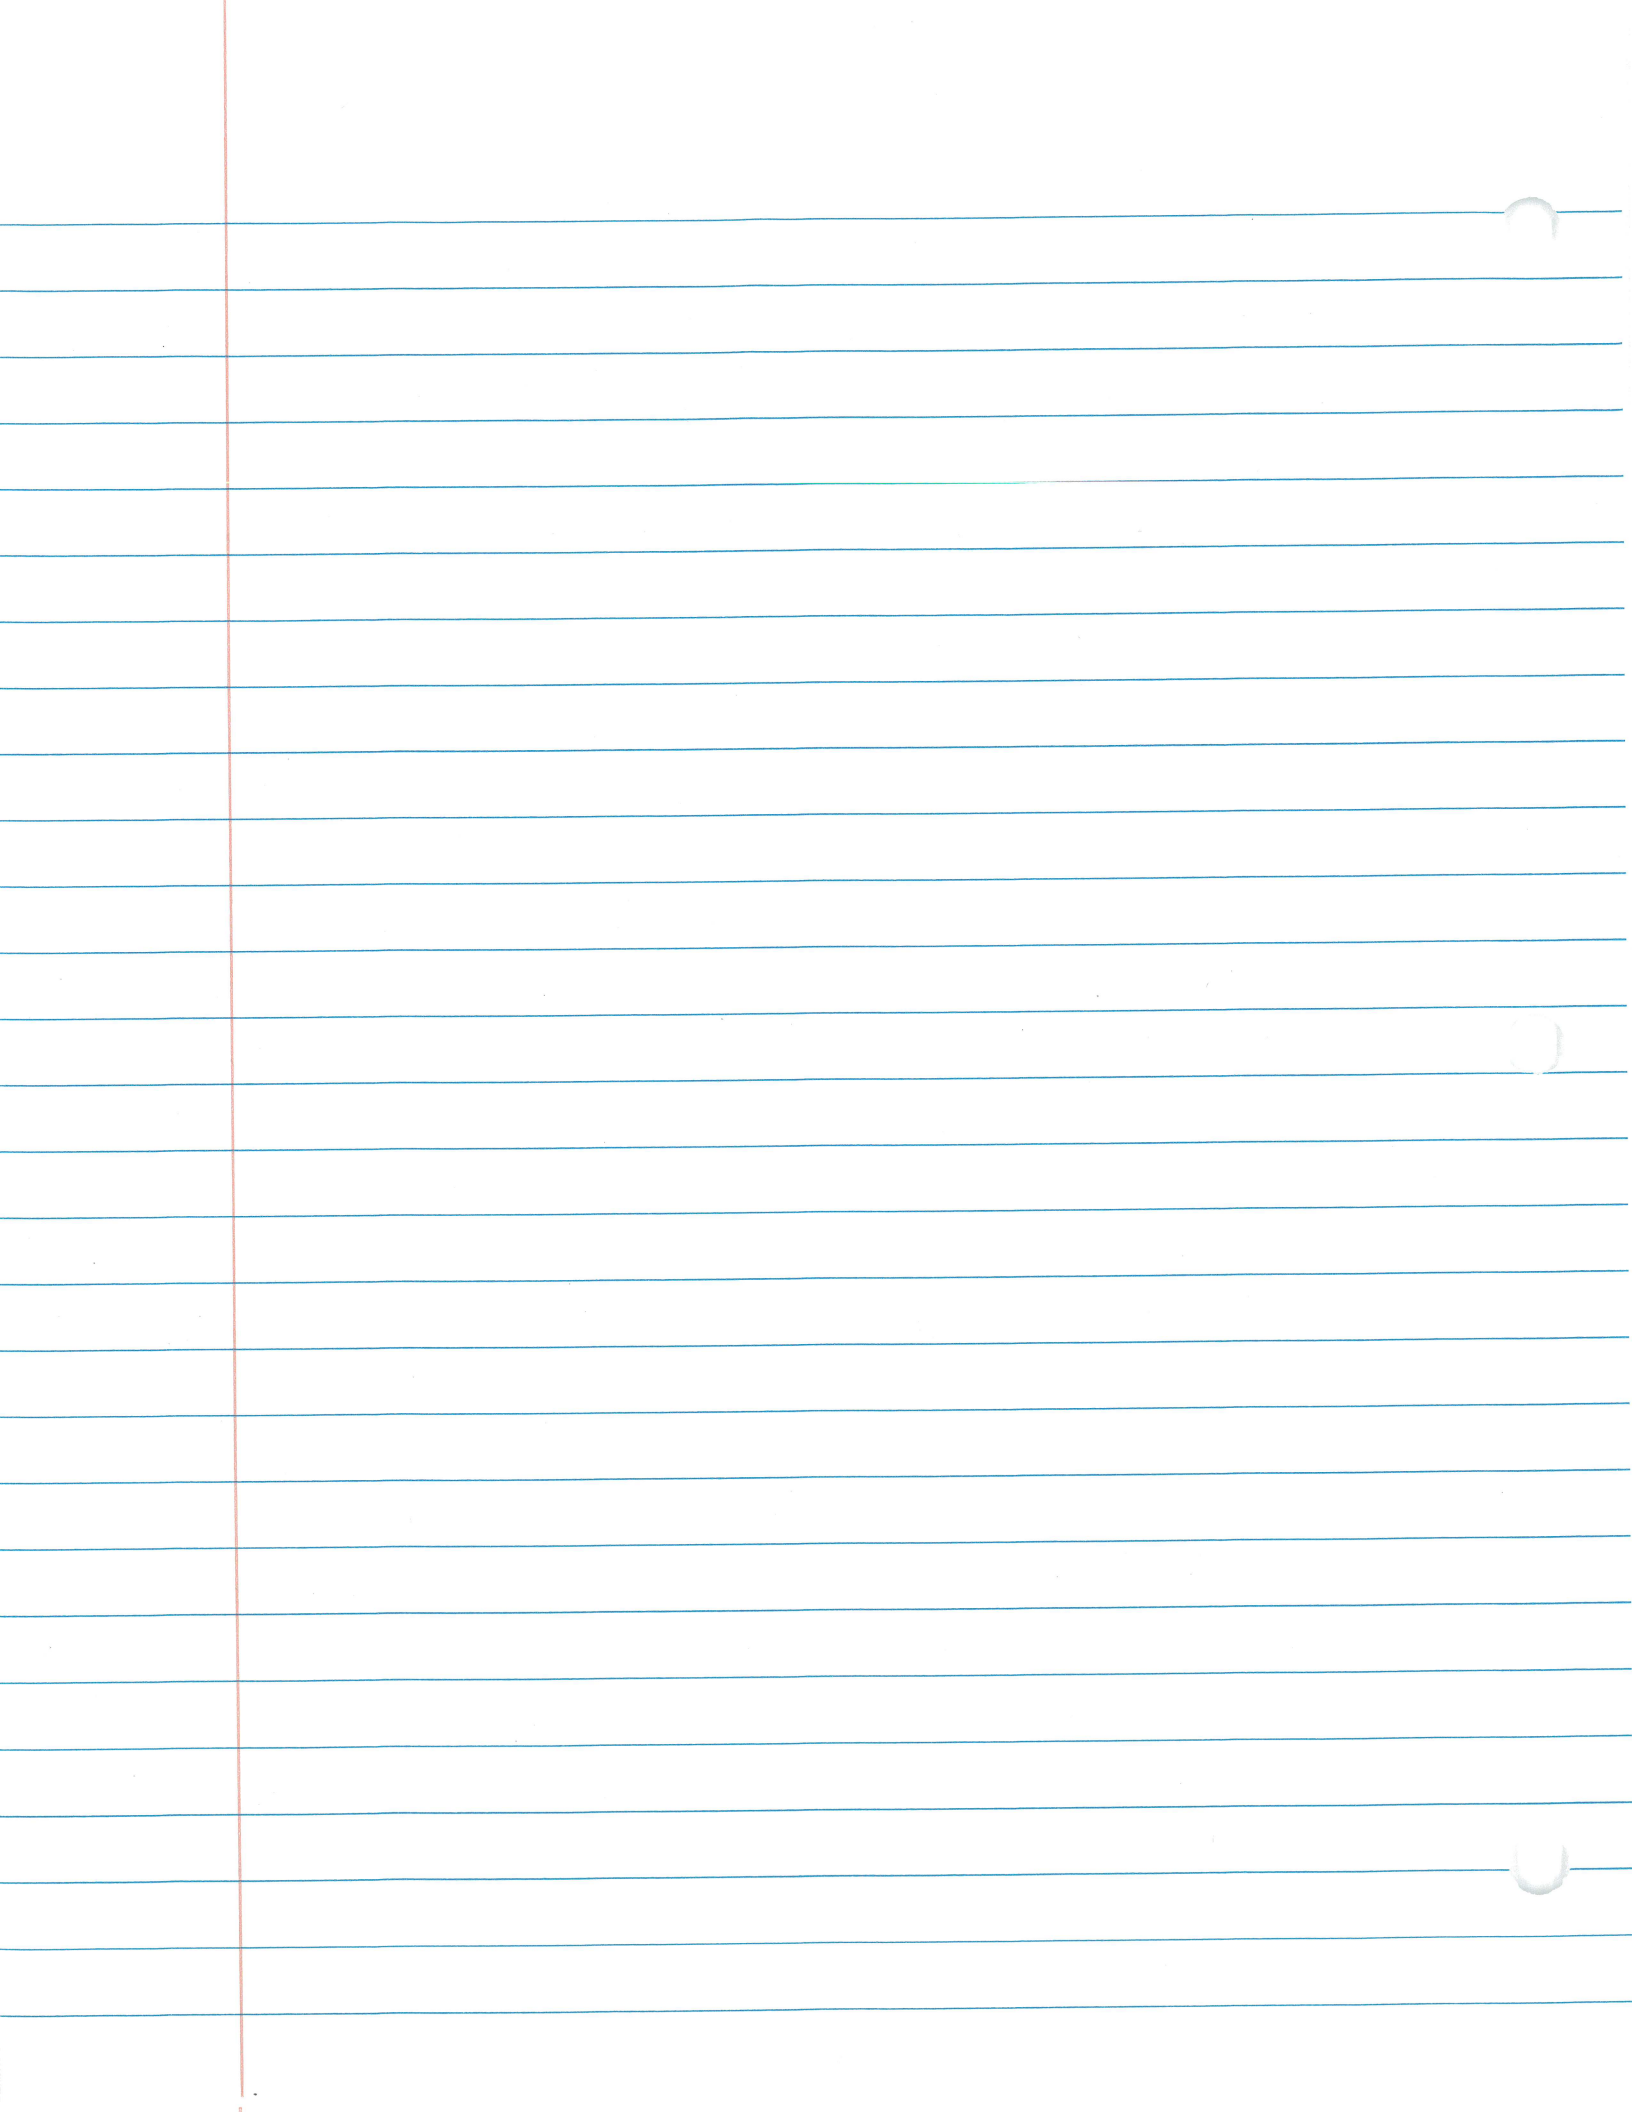

on this Karoline letter, I didn't know where to start, what to say.

There are so many angles I could take, assumptions I could make. How could I possibly know what would work?

On 6/18, am, I had the impression to just ^{turn} off the news and write, but my attention was glued, ~~to the~~ out of habit. I noticed that it was a ^{slow} news day, affirming my impression to just ^{turn} it off, so I could focus.

The page I'd started with one line the day before remain untouched. "Dear Karoline, I realize you are super busy with crucial developments unfolding." It remained there all that day too.

~~Final~~ One of the high points the next ~~morning~~ morning the helped catalyze a breaking of the writer's block came in the form of what seemed to me to be a highly unusual blood sugar reading that indicated miraculous insulin production by my pancreas. Usually, my blood sugar climbs in the morning ("morning rise" - layman's term). But that morning, it stayed just about the same over an hour before I got my insulin, barely rising. This seemed to me to be a sign that Karoline is at least nominally favorably inclined. There have been several instances along these lines over the past month. On 5/12, I'd done an ASCI ^{analysis} sum[^] of the query: "Is my pancreas's [sic] insulin performance an indicator of Karoline's level of acceptance of my paradigm?" = 9353

Dear karoline,

6/19/25

Thanks for taking the time to carefully read my material, despite how busy you are in these pivotal times, and how important your WH Press Secretary work is for the country and world. You sense the massive significance of what I'm proposing.

there are a couple of key blog articles I've written in the past few days that have super strong relevance to you, which hopefully Mary @ Valbridge.com (801-850-2447) has posted to my site (IndComing.org). • 6/3-9 "Heavenly Mother in the Flesh" = 2613 in AB (26pp); • 6/12 "Righteous Marriage Realignment" = 2958 in AB (35pp). They name you very specifically and powerfully.

Remember, AB (Alphabetics) is a function of the inspired wisdom of the totality of the Bible speaking to us today in profound detail. It names the who's who, what's what, when, where, why, and how of the great and marvelous work of the Father (& Mother) in these end times. The most significant "who" it is designed to locate, of course, is HMITE, which at this juncture points to you.

You've likely noticed that in order to appreciate AB, you need to read it slowly, carefully pondering, in order to get "in the zone" where things come alive and shine brightly. Otherwise it reads more like nonsense. Please be sure to give that kind of attention to the above-mentioned pieces. Imagine me showing it to you on the page. Ideally, have the referenced text open in front of you so you can see that it says what I'm saying it says. I give the ISBNs.

By so doing, and acting on the mission, you can catalyze the full activation of the repentance clause (r.c.) of prophecy that says if a sufficient core of society repents and turns back to God and goodness, then the destructions and captivity to which we've been headed will be averted, and we will go straight to the kingdom of heaven on earth, without hitting rock bottom for years first. This is a much higher, unexpected path.

Your stepping forward to embrace this divine role inspires much of humanity to also become "all-in, synced up" with divinity, to become joint heirs of Christ. It's a glorious world that unfolds as, following this example, many millions of people righteously carry out their unique missions in the body of Christ, facilitated by the wonderful gifts of the Spirit they gain full access to (John 14:12). <I've shared these before.>

<11:58 am M> As usual, phenomenal job on your Press Briefing - GOAT [AB calls you this] of this role: Brilliant, quick in response, courageous, fun wit, polite, confident, not cocky, pleasant, concise, articulate, pretty. I could see you doing this for us globally, as the head couple in the Good Shepherd body of Christs through the Millennium.

I look forward to meeting you in person. As a VIP, ^{not} you'll need to go through the typical approval process nor scheduling for visiting but can come at your convenience and receive VIP security accompaniment. I've received two visits from Utah Sen. Darrin Owens.

③

Oh, and invite your friend, DJT Ü, so he can
tour our SOLID program, to accelerate its roll-out
nationwide. We had an international delegation come
through yesterday.

Sincerely,
Holling
