talking about firing strikers (who are Federally protected)

- Harris theme: "Joy & Freedom" [= Orwellian double speak, actually bringing the opposite, using these appealing terms to bait & ^{switch} ^{live} ^{NC}]

2:42p **NTD** (has been unavailable ^{here} since 8/8) Trump in Asheville

in Backdrop: "No Tax on Tips" [Sounds great but is actually weak ^{see above}]

Tr: "Net Zero" - They have no idea what it means" [= projection. It's a simple concept of renewable/sustainable usage of the earth's resources. Conservatives should embrace

this with conservative principles, ^{fighting} ~~not~~ the left's tyrannical methods (and exaggerations/fabrications of data)]

lies, including misrepresenting Tr. to look bad.]

• Columbia Univ. Pres. resigns (Monouch Sharik) [finally]

(-) **NBC** Jimmy Fallon through 10 years (2 hrs). [I found
his content utterly repulsive. Evil-leaning in nearly every
except, especially the one with Barack Obama. Talented evil.
Not wholesome at all. Epitome worldly.] [Moro. 10:30 "evil gift"]
