Jonathan Cahn:
The Most Universal Of Words

What's the word most used in all the world, throughout the nations, throughout the different tongues of man? The most universal word according to many linguistic experts is: Amen. It's a Hebrew word that literally means: Yes! Yes, I agree! Yes, it is so! Yes, with all my heart, mind, soul, and strength! So too, the most universal word in your life must also be Amen. The greatest word you can ever say is Yes to God, Yes to His promises, Yes to His word, Yes to His love, His hope, His will, His purpose and call upon your life. Amen is the most universal word because Yes needs to be your most universal word to God. Your Yes to God cannot be conditional or particular, it has to be universal. Your Yes to God can't only be applied to one area, but all areas. All He asks of you is a simple, unconditional, universal Yes. His blessings are too good for you to say No, or Maybe, or Later. Give Him your unconditional Yes today and you'll find your life unconditionally blessed. For Amen must be universal. Amen? Amen!

From Message #395 - Amen

TODAY'S MISSION

Take a word today and give it your total and unconditional Amen. The Yes of your heart, mind, soul, and strength. And hold to that Amen the entire day.
