

Envisioneering Heaven on Earth ChofFB Press Briefing Venue

In my recent phone calls with my sister (and, I'd say 'best friend'), Karie, one of the things we've talked about has been her quest for, then achieving an "out of body experience(s)". ^(2 Chron. 12:2,3) ~~In our call a couple of days ago~~ A couple of months ago, she told me about her first experience. In it, ^{she said,} "I congratulated her and gave her a hug. My parents were also there, encouraging her. In our call a couple of days ago ^(wed.) she pointed out that these hugs felt very real / physical. There was a lot more to that experience and some subsequent ones she told me about. She's participating in a support group of others interested in and doing these things. They seem to be amazing people, from what Karie ^{has} said."

In our call, Wed., I reminded Karie that in my None to One: Evolving the Repentance Clause of Prophecy book, I elaborate on one of the gifts of the Spirit I see all of the ChofFB being doing. I call it a "shared life review." Starting out, I see HMITF & I both doing an OBE, coming to the presence of Jesus, and each having a life review (in a moment); including not just seeing how ~~your~~ life impacted others, for good and bad; ^{but also} as well as seeing how ~~your~~ guardian angel contingent interacted with ^{us} you, as well as demons, and how ~~your~~ life success ^{has been} was a function of listening to / heeding the good voices. Then we would see each other's life review — a great way

PREFACE: I was in a bit of a funk when I wrote this. It doesn't have the spring it deserved.

to get to know each other. I see all of those who become ChaffB / joint hearts being able to see all the other ChaffB's life reviews. Because it's a download in a moment, no time lapsing, you could see thousands such reviews in one OBE. Imagine the shared wisdom this will bestow on all the ChaffB, benefiting from each others' life wisdom. No wonder they will act as one.

In our Wed. call, Kari suggested I start practicing. In my phone notes, I wrote, "Visualize where you want to go; focus. ~~Have~~ Unconditional love. Permission. Try something simple." She also, on another subject, said "Jesus' mother was Heavenly Mother — 'most beautiful virgin' [1 Ne. 11:15]" I told her I've believed that for years; and that in that lifetime she didn't need to know/embrace her true identity. (See my 2/13-22 blog article, ^{TP} (Karoline Leavitt's B-day) "August 24, 1997" = 1061 (ASCI) = "White House" = 1061 = "repentance" [r.c.]; and "Virgin Mary" = 1064 _{JD}) ⁴ I told Kari that instinctively, I feel to focus on visiting (OBE) the White House Oval Office. Then I changed it to the Press Briefing ~~room~~ room, so I can see what that room Karoline frequents looks like. TV cameras only give brief snippets of the room.

The next morning (yesterday), ~~from 4:40-6 am~~, I ~~made my first attempt~~. I woke up around 4:40 am and thought of attempting the OBE, but then I thought maybe I'd wait until the weekend, so I could catch Chanel Rion's OAD "Fine Point" show, as usual,

one of my favorite programs. (See my 5/8 editorial, "How I Add ~~#~~ Two Hours Each Day" - by keeping eyes mostly closed, drifting off during commercials, so the body thinks you're still asleep.) I turned to channel 25-6, and it was black - still out, went out last night, along with all the ~~\$~~ 25-x channels. So that excuse/distraction was removed. I ~~but~~ had the impression that God was behind that, so I resolved to go ahead and ~~g~~ attempt the OBE.

I was able to linger on the brink of sleep without falling asleep until 6 am, when I caught The National News Desk, which I usually catch at 5 am. I never fell asleep during that time^(last night). My focus was on the Oval Office.

This Morning's Virtual OBE

This morning, at 1:34, I awoke from an awful/violent dream. Usually my dreams are docile. I can't remember having a violent dream prior to this. In the dream, there were two ~~&~~ ladies coming at me, each ~~was~~ with a knife. I was deflecting their attempts, and not afraid, but I could see they were intent on harming me. After I woke up, I was troubled by the dream. It seemed demonic forces were trying to get to me. I imagined a dome of protection around me, but it quickly shrank down to just a few feet - almost claustrophobic. So ~~&~~ I tried another tack, which worked.

I invoked the Protective Karmic Shield - another gift of the Spirit that the joint heads will have access to. (Appendix A-1, N-10.) It basically ~~invokes~~ says that what the ene-

my tries to do to you is done to themselves. When I did that, in the name of Jesus, the woman coming at me poked herself in the eye with her knife. They stopped coming at me.

I then woke again around 3:30^{am}, turned the TV to 25-6 — still blank, and began another OBE attempt session. At 4:01, I had a thought come to mind that I leaned over to write down (using my tablet for a light).
 "(In the kingdom of heaven on earth,) It's not what you have, it's who you are."

I then began musing on how the various nation leaders like to project their prowess with how nicely adorned their facilities are. Tr. epitomizes this — on a reasonable budget — out of his own pocket when it comes to the WH.

I then remembered that when I had talked to Karie, I had shifted from having the Oval Office be my OBE destination to instead targeting the WH Press Briefing room^{from the podium.} That is more directly related/relevant to her. Karoline — what she sees regularly (full of reporters), and prominently. (4:27a)

A few minutes later^{4:39a}, the thought popped into my head (inspiration), that I should target the press briefing room of the New Jerusalem/Sky Venue, locating it in the garden, with flowers, trees, birds, distant waterfalls, peaceful, ChoffB only attending; and for the rest of the session, I brainstormed on what this would entail.

I thought of there being two thrones at the front of the room, similar to what is shown for King David and

his queen in "The Chosen"; But then I thought, "No, this would not be gaudy, not austere." The seats would be very ^{optimally} comfortable, and all the ChaffB in the venue would have the same ^{type of} seat, sharing the throne as joint heirs, so to speak. (4:44 a)

^{4:45} No microphones will be needed, as the II enables communication with perfect fidelity — of everyone involved. Distance is not a factor, either for audio or visual input, as the II can display from any angle or distance you want — of all participants.

(4:56) Like in NDE trips to heaven and back, there would be colors and other aspects we don't see on earth. It will be beautiful, with ~~no~~ music, bright (but not too). Modest, beautiful apparel.

(4:59) Love, supreme joy, peace, kindness. (5:00) Heaven (on earth) [WH zip ^{5:00 am} 20500; P. 202 (DC wea code) T. G. '13 "Heather (Gentles), Heaven(ly)"] (5:05 will be, not yet)

(5:11) The comradery among those present calls to mind Eth. 12:39 "I have seen Jesus, and... he hath talked with me face to face, and he told me in plain humility, even as a man telleth another in mine own language..." [The II translates instantly to/from any language] — a very friendly rapport.

(5:13) Streams, fish, pebbles, stones, flowing amidst the chairs. Water descent, snack, fresh greens. Fruit, berries, live food off the vine, not seen on earth, variety, strawberries. Chairs are anti-gravity, so they don't press ground. Solid to sit on, able to move easily if want. (5:18) Footstool is solid, with chair, elevated above the ground, so not pressing on ground. Easy to

easy to lean over, grab fruit from vine, trees, ... Pet / stroke animals mingling; see colorful snails, frogs, dragonflies; no mosquitoes or flies for landing on you.

(5:20) Temperature is just right, slight breeze to make temp. perfect - for everyone, fit, healthy, youthful bodies [Job 33:25].

(5:23) [523 = my SSN prefix; p. 523 T.G. "Trump"] Questions not chaotic, guided by Spirit, timing, response. II gives answer to most questions, redirecting to someone/thing that can answer well. (6:11) Envisioning: (5:25) Article title: "Heaven on Earth ChaffB Press Briefing Venue."

(5:28) Chairs are clear, plexiglass-like, comfortable, see-through, so chairs don't obstruct view of people, scenery. DIFF. heights (levitated) depending on height of person.

(5:32) Setting changeable (tp), can be anywhere (in universe): in garden, marsh, forest, grass, reeds, grain, veg. garden, fruit trees. Next to a volcano, in an aquarium, on a moon next to Saturn [via II view]. Any combo you want of immediate/~~surround~~ actual surroundings and distant view.

Person asking Q. tp'd to rostrum; not chaotic. No limit to size of audience, via II: see rostrum or anywhere in audience / press corp. (ChaffB). If desired, ^{venue} could go to ^(tp) an auditorium, with its amplifier system, for effect, reverb.

(5:44) This imagineering is a (virtual) OBE. <tears>

(5:47) It's not a room (press); it's a thing - anything you want [AF13]; with anyone you want; any time you want; as long as you want; change it up as you want.

During tp to new location, if someone is picking a berry, fruit, watercress, etc.; they'll be able to finish, delayed tp, while not being disrupted in hearing what's going on. Ditto petting an animal, touching a tree, etc..

(5:52) We'll be able to take turns on who is in charge of venue location / scenery (anywhere in universe) ("producer"); but ultimately, the person conducting the "press briefing" will be the one who can decide / override to their heart's desire. Those "producing" will have gift of the Spirit to do so.

"out of body experience" = 2147 (ASCII)

I first looked up this string on 4/25/19. OT def. H2147 means "memorable"; and the defs before & after it have similar meanings: "H2146 a momento [moment, our time?]" (memorable thing, day or writing): - memorial, record"; "H2148 Jah has remembered."

In the NT vicinity, we have:

- G2146 to be of good countenance [One of the entries on p. 215 (2146/10) Str:OT is "Countenance", i.e. (fig.) to make a display: - make a fair show.]
- G2147 to find: - get, obtain, perceive, see
- G2149 spaciousness: - broad [venue of manifestation]
- G2150 piety; spec. the gospel scheme: - godliness, holiness
