* [KBYU] Pres. & Sis. Oaks give fire-
side presentation on marriage,
gender issues, homosexual

attraction, repentance. Very well done; gentle but courageous in setting boundaries with reasons, repercussions. "We can love others without compromising truth." "Gender dysphoria" "Approach with dignity and love. God created male and female." (The predisposition is not the problem. Acting on it is.)

[Me: A person identifying as weightless, wanting to jump off a roof, should not be encouraged. Yet that is what society is doing with transgenders, except the fall/crash takes years, not seconds.]

4:40
• Pres. Eyring: 1 Ne. 3:7 We can/should be guided minute by minute. "Our motives need to be driven by the pure love of Jesus Christ." "Thy will be done." Home Teachers (back in the day) followed prompting to go visit young woman who was about to make a bad choice (path). Called her to repentance.

Krista
• [Come Follow Up] 3 Ne. 20-26 // "when we want to talk to God we pray; when we want to hear from God, we read the scriptures." [There are so many other ways God can communicate with us: prayer, song, children, books...]

• Krista told story of a time she was despondant, wondering if God knew of her. Went to temple grounds, sitting on bench, "flip & point" to Alma 26:37 "God is mindful of every people..."

- Krista told of a time she and her husband pre-paid their tithing ⁽²⁾ as an act of faith, reflecting how much they needed to earn that month. It worked.
 - Joseph Spencer (Re. 3 Ne. 20:43-5 & 21:9,10 married servant): "refers to Jesus, or Joseph Smith or the B.F.M. - marriage lost manuscript [yes, loosely, but this is definitely a prophecy of the Davidic Servant in our day, or a parallel with Jesus in among Jews.] [Isa. 57:15-19 ties to that prophecy via the exclusive (to these two passages) wording, "I will heal him."]
 - ^{KBYU 6a} BYU-ID devotional Danny Rocks, Oct. 1, '24 "Destiny to become joint heirs - equal in power, might, dominion" [Isa 41:23 "Ye are Gods" theme ~]
 - Meet the Press / NBC Am.s. feel Biden's policies hurt them.
 - ^{6p} 60 Mins. Alexei Navalney (late opponent to Putin's corruption): "I am the among the happiest 1% of the planet, doing what I love, with the person (wife) I love." [^{Found} Found his life calling]
 - Cap Arcara disaster at end of WWII. A ship designed for 1.5k passengers was loaded with 4.5k concentration camp evacuees (Nazis wanted to sink it). British pilots hit it with ~60 bombs, burned all but ~400. Probably worst case of friendly fire. Intelligence info was not relayed to bombers [negligence of one person?]
 - The Chosen, after show (up to triumphal entry) Contrast between Nicodemus being told not to bow (had earthly king mindset, which was inappropriate then) vs. Mary's being allowed to anoint his feet, as the Jews anointed the sheep hooves for Passover sacrifice. - Dallas ^{Jenkins} ^
- Extemporaneous Ensemble progress

In a note to Pres. Burnett, I pointed out that my persistence in seeking to have an extemporaneous ensemble do prelude music each week for worship service is consistent with Moro. 6:9 that admonishes to conduct church meetings by the Spirit, whether to teach, pray, sing... (singing by the Spirit).
