Sterling Daily (1/4/25): Biden to Keep Flags at Half Staff During Tr. Inauguration

- Exploration Outer Space ^{San} NASA has studied deaf people. Their lack of inner ear (mechanism, biological) makes them immune to motion sickness.
 - Calandrelli: "Putting humanity's best foot forward requires input from everyone." [She's DEI "didn't earn it," quotas disclude talent]
- Conversation w/ Sam & John

Part of the dialogue had Sam claiming that the Brethren privately believe in the repentance scenario that turns away destruction, hence don't warn about pending destructions. [I see their not warning being a function of Isa. 56:10, 11 ~ blind watchmen, shepherds that don't understand.] He's trying to equate the r.c. approach with blindness/laziness, saying people need tribulation to repent. ^{In contrast,} I pointed out ~ "more blessed are those who repent because of the word" (Alma 32:13-15; 3125). The r.c. is a higher path.

Institute (Bro. & Sis: Olds)

- Sam, in ref. to the quick turning of the Nephites ~~from~~ to wickedness following the day-night-day as one day sign of Jesus' birth, he said signs don't lead to genuine repentance. A few min. later, I said, "In the Millennium, we're going to go 1000 years, unlike Nephites, whose post-Jesus peace lasted 2-300 years. I believe the primary reason for that will be that a key principle of the Millennium will be to find and fulfill your unique calling all-in, synced up (with God/divinity). When you do what you love, you bring heaven to earth. The passion to be righteous."
- Q. Problems of the world (chalkboard lost): A. we: wickedness of society results in tyrannical govt. [A degree of ^{Reputation} has brought us Tr.]
