- Yesterday "Star Wars Day" — "May the Force be with you" = potential of intuition
- Objective: "All-in, synced up"
- Heads up (be thinking about): I'll be asking you (going around room) what you think "intuition" is; give an example.
- Scientific American/NOVA: Brain neurons in cognitive processing terminate/culminate at a place that seems like a dead end / no where. = intuition antennae?
- Example: Edu. 76-7 channel last night: BBC documentary on MI6, WWII Nazi codebreakers "guess work" = intuition.
- Santa paradigm vs. distributed admin of inspiration
- Def. MWCD (tablet) intuition immediate apprehension or cognition; MWCT is an innate [in born] sense of what is true or what will happen. SYN - feel, instinct, foreknowledge, foresight, prescience, sixth sense, anticipation, impression, suspicion, discernment, perception, foreboding, premonition, presage, presentiment, prognostication...
- Go around room, what do you think 'intuition' is? Example. (karship)
- Methods: (if not breached?)
 - Importance of positive ^{thinking} space / good space, peaceful place inside
 - Thought/idea 'comes to mind'; ditto questions
 - 'Common sense', makes sense
 - feels right
 - conscience
- Example: Me preparing this seminar
