With Kamala Harris announcing her book, 107 Days about her brief run against Donald J. Trump, today, I thought I'd look up "107" in AB to see what kind of resonance/commentary it might contain. I was surprised, and humored by what I saw.

Page 107 of Str. 07 includes these entries: "Brass" [compared to Goid]; "Bravery" [she did ^{somewhat} ex-hibit that]; "Brawler(s), Brawling"; "Bray(ed)"; "Brazen" [Marxist, fetus-killer]; "Breach(es)"; "Bread". That last entry calls to mind Moses 4:1,³ which depicts Satan's line about his plan, which parallels Marxism's 'promise': "one soul shall not be lost" (safety net, forced philanthropy), but at the price of destroying agency.

OT def. "H107 an epistle :- letter" relates to her book being ~~an~~ a memoir. The def. just before it relates to the clenched fist symbol of Marxism, "H106 the clenched hand :- fist". The two def.s following H107 relate to the fleeting nature of her quest: "H108 a fog :- mist, vapor"; "H109 to languish :- grieve".

NT def. G107 derives from OT def. H5809, which means "helpful". I would argue that this is an antonym. Marxists allege to be wanting what's best for the world, but in reality they seek its enslavement and destruction. The def. just prior, G106 includes the meaning "un-corrupt-ed", which is a clear antonym.

mwcD: "brawl" liv to quarrel or fight noisily = wrangle; to make a loud confused noise. "brazen" displaying or marked by rude boldness.

"breach a failure to uphold the requirements of law, duty, or obligation; a breaking of a moral or legal code...."

The def. prior to that, "G105 eagle" has obvious relevance to the United States.

Following G107, "G108 derives from OT def. H795, which means "ravager," which describes well her true agenda. As a humorous tie to her "word salad" bloviating, G109 includes meanings "blow air." Possible-checking myself on that big word, ^{I used,} I looked it up in MWCD, "bloviate to speak or write verbosely and windily." ☺

I also tabulated the ASCII sum of "107 Days" = 585. ^{Nearly} A variation to "H109 to languis languish:- grove," AT def. ~~H~~ 585 means, "sighing:-groaning, mourning, sighing." It's juxtaposed with "H586 we." A few days ago, Jesse Kelly made the point that Marxists are malcontents. Satan is described as "accuser of the brethren." Complaining Karers. The best way to remedy/prevent that is to develop the ability to be ever grateful—even for hard times, for the lessons they provide.

NT def. G585 means, "manifestation:-demonstration." The Marxists certainly do plenty of demonstrations, rising up against good, calling good evil, and evil, good. They want to manifest Marxism worldwide, and destroy all things good, (Eph. 8:25) ^(G586)

In contrast to the willfull giving of "G586 to tithes", Marxists use the force of government to extract the resources of the people, to make everyone poor except the ruling elite.
