enjoy singing with my best friend Christian Fairbanks. We have a wonderful musical chemistry, augmenting each other's gifts. He wants to get us on A UT once he gets out, having the electronics/producing knowledge of how to pull this off, with me performing from person, live, with him on the stage. He was on America's Ninja Warrior. He's also a professional BASE jumper and came up with an addiction recovery methodology that has nearly 4k participants, with an 82% recovery rate, 0 injuries. It's something we could do here (sans bureaucracy ☺). See my 9/28 "Daisy" entry to this effect.

See his Instagram account "Dark Devils Demo" videos.

I'm so grateful to Mary Young who has been maintaining my site all this time - nearly 3 years. Now, her son, Sam, is in the bed next to mine 101 B and has been writing amazing articles about the ^{apocryphal} book of Jasher. CouncilofSeers.org We wouldn't have most of the OT were it not for the prophet Esdras who received the book of Jasher as part of a 40-day download from heaven after the Jews were scattered to Babylon (all their scriptures were burned).

I've added an "Intro" page to my site to gradually acclimate people to my unusual paradigm. Here are some pieces I've composed this year that you might appreciate:
